Dear Mr. Jang:

**STATEMENT OF CONCERN NO. 28909
GOLDENKEY OIL INC.
PROPOSED WELLS
LOCATIONS: 05-14-008-22W4M & 16-16-008-22W4M**

The Alberta Energy Regulator (AER) acknowledges receipt of your letter dated March 26, 2014, indicating your statement of concern to the proposed application. Please be advised that an application for the proposed wells has not been received by the AER to date. Your statement of concern has been entered into the AER database and the system will track your statement of concern. Your statement of concern will expire on March 26, 2015 and will be closed from the system without further communication, unless it is linked to an active application prior to that date.

The AER expects parties to discuss their concerns. By way of copy of this letter, and your correspondence, to Goldenkey Oil Inc. (Goldenkey), we are requesting Goldenkey to address your concerns. If Goldenkey is unable to resolve your concerns, the AER will require Goldenkey to note your concerns and indicate all of the communications that have taken place between both parties upon submitting their application.

Please note that the AER has no jurisdiction over matters of compensation for land usage. The Alberta Surface Rights Board is the regulatory agency that deals with these issues. Further the AER has no jurisdiction with respect to assessing the adequacy of Crown consultation with the rights of aboriginal peoples.

The AER offers and strongly recommends you make use of our Alternative Dispute Resolution (ADR) program which features either staff or third party mediation arranged through an AER mediator. Please contact Julia Fulford at 403-476-4981 for more information on this process. Further information about this program is available through *EnerFAQs: All About Alternative Dispute Resolution* and *Manual 004: ADR Alternative Dispute Resolution Program and Guidelines for Energy Industry Disputes* on the AER web site, (<http://www.aer.ca>), under Applications and Hearings, Alternative Dispute Resolution.

Section 49 of the *Alberta Energy Regulator Rules of Practice* (Rules) requires that all documents filed with the AER be placed on the public record. However, any party may file a request for confidentiality of information under Section 49 prior to filing the information with the AER. Any request under Section 49 must be copied to the other parties to the proceeding. Section 49 of the Rules is available at the AER website at www.aer.ca.

If you have any questions regarding the AER's procedures or ADR process, please contact the undersigned through our Customer Contact Centre, toll free, at 1-855-297-8311, or collect at 403-297-6115.
