

For immediate release — Friday, October 22, 2021

Families able to register for take-home activity kits to participate in Let's Talk Science — Spooky Science 2021

Let's Talk Science at the University of Lethbridge is ready for the spooky season! Due to current public health measures, the usual Spooky Science on-campus event is not possible, however, the Let's Talk Science crew did not want Halloween to pass without sharing some science! In its place, they have created take-home activity kits, complete with all the materials and instructions needed for a fun night of science activities at home.

WHAT: Spooky Science 2021 community outreach science event

WHEN: Register to schedule a time to pick-up your ready-made activity kits from the University of Lethbridge on either October 28 or 29 from 5 to 7 p.m. Activities can be completed at your leisure.

WHERE: Registration is open now and can be accessed [here](#), or through any of their social media channels

Twitter: @Its_lethbridge
Instagram: @Its_lethbridge
Facebook: @ULethLTS

Activity kits will be available at the main entrance of the Science Commons at the University of Lethbridge.

About Let's Talk Science

Let's Talk Science is a national charitable organization committed to inspiring and empowering Canadian youth to develop the skills they need to participate and thrive in an ever-changing world. To accomplish this, Let's Talk Science offers a comprehensive suite of science, technology, engineering and math (STEM) based programs to support youth, educators and volunteers across Canada. For more information about Let's Talk Science, visit www.letstalkscience.ca.
