

Student Summer Job Opportunity

Youth STEM Camp High School Intern

Destination Exploration Youth Science Program is seeking an enthusiastic High School Student with a passion for sharing their love of STEM (Science, Technology, Engineering & Math) to kids. This position will be responsible for assisting grades 1-7 students in a variety of **on-campus** day camps for a **three-week period** between **July 2nd and August 16th, 2024**. As a member of Destination Exploration, you will not only become part of a dynamic team of instructors at the U of L but be part of a national network of science outreach programs under Actua, Canada's largest STEM outreach organization.

Duties:

- Assist with the delivery of week-long STEM summer camps on campus to children aged 6 to 13 (and deliver at least 1-2 activity/week).
- Work collaboratively with other instructors to develop activities and to create a safe, educational and fun environment for the campers.
- Assist with supervision of all participants at all times while encouraging interactive learning and a team atmosphere.

Qualifications:

- Be at least 15 years old
- Be either attending, returning, or a recent graduate (within six months) of secondary/High school (Grades 9-12)
- Be creative, resourceful and a team player

Hours for this position are typically between 8:30am and 4:30pm. The wage is \$15.00/hour. **Please note:** these camps are on campus, and you must be in Lethbridge for a three-week period from July 2 – Aug 16, 2024.

For more information on the programs that this position will be supporting, please visit our website at uLeth.ca/Destination-Exploration/Programs.

To apply, please fill out our online HS Intern Application Form directly at bit.ly/de-hs-interns or through the website uleth.ca/destination-exploration/job-opportunities

Deadline to apply is June 10th, at 11:59pm.
