

# Guidelines For Master's Students Completing in the 2025/2026 Academic Year

UNIVERSITY OF LETHBRIDGE | SCHOOL OF GRADUATE STUDIES

## From Thesis Defence to Decanal Approval

The time it takes to proceed from a request for thesis defence to obtaining decanal approval will vary from one student to another. Here's an overview of the general timeline:

**Step 1:** You or your supervisor submit the [Request for Final Thesis Examination](#). The version of your Thesis attached to this request is sent out to your Thesis Exam Committee and used in your oral defence.

- You cannot make any further edits to your Thesis until after your defence.
- **This request must be submitted at least five weeks prior to your defence date.**

**Step 2:** Members of your Thesis Exam Committee submit the [Assessment of Readiness to Defend](#) form to the Chair; this form indicates their confirmation that you are ready to proceed with defence.

**Step 3:** Following your defence, the exam Chair submits a [Thesis Examination Report](#) to SGS, indicating the outcome of your defence and what, if any, revisions are needed. **Most students need at least two weeks to complete revisions after their defence.** Please discuss this timeline with your supervisor to ensure there is sufficient time for completing revisions.

**Step 4:** Once your required revisions (if any) are approved, your supervisor submits the [Recommendation of the Award of the Degree \(RAD\)](#) form to SGS.

**Step 5:** Upon receipt of the RAD, SGS will be in touch with you via email. We'll review your Thesis to ensure it conforms to all [thesis formatting requirements](#) and provide you with instructions to:

- Create an OPUS account
- Upload your Thesis to OPUS
- Request a [Thesis Embargo](#) (if needed)

**Step 6:** Your Thesis is submitted to the SGS Dean for final review and approval. Once you have decanal approval, your program is officially complete! **Allow at least one to two weeks for Steps 5 & 6 to be completed.**

## Satisfying Your Program Requirements

Upon receipt of your Request for Final Thesis Examination, SGS will review your student file to confirm you've satisfied all program requirements. This will include the following:

- Completion of all required coursework
- An approved [Post-Admission Thesis Proposal](#)

Refer to the following sections of the [Graduate Calendar](#) for details specific to your program:

- Master of Arts (M.A.) Program »Requirements for Degree
- Master of Science (M.Sc.) Program »All Majors Delivered By The Faculty of Arts and Science

## Deadlines for Program Completion

Dates within the [Academic Schedule](#) will dictate whether you need to register and pay tuition for a given term. **You must remain registered in your thesis course until your Thesis receives decanal approval—this includes the time following your defence while you complete any revisions required by your Thesis Examination Committee.**

Depending on when you want to complete your program and which graduation date you want to qualify for, work backwards and consider the following possible timelines:

### SCENARIO 1: If you want to complete your program in the current term & confer your degree at the next convocation ceremony

**SCENARIO 2:** If you need additional time but want to avoid registering for the next term. In this scenario you will confer your degree in the subsequent convocation ceremony (not the closest).

If you obtain decanal approval prior to the add/drop deadline within a given term, you'll avoid having to register and pay tuition.

- Tuition and fees will be equal to what you would pay had you registered for the full term.

## **Applying for Graduation**

**You must apply to graduate, even if you do not plan to attend convocation. You do not need to defend before applying for graduation.**

- For instructions on how and when to apply, visit the [Convocation](#) web pages.
- Once you apply to graduate, you have several weeks before the deadline to withdraw your application. Be sure to make a note of [Important Graduation Deadlines](#).
