## Bachelor of Arts

### Philosophy

Philosophy investigates fundamental questions about the nature of things; about the universe as a whole, about human beings, society, science, ethics and art. As a philosophy student, you will learn about the basic intellectual foundation for our political, social and legal systems, as well as our understanding of the principles of modern science and technology. Philosophy will challenge you with its reflective and critical approach to important, often puzzling, questions about the nature of right and wrong, time and space, perception, and the human mind.

#### Liberal Education List Requirement

Only four courses (12.0 credit hours) in total may be counted from any one discipline toward the Lib Ed Requirement. Disciplines are identified by separate course subject codes.
